## NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2007

### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Nature of Business

Hampton Hedge Fund Marketing, LLC (the "Company") began doing business as a registered broker-dealer with the Securities and Exchange Commission in January 2007. The principal source of the Company's income is generated from the private placement of securities. In this capacity, the firm places assets with investment managers for its qualified individual and institutional customers.

The Company's policy is to continuously monitor its exposure to market and counterparty risk through the use of a variety of financial position and credit exposure reporting and control procedures. In addition, the Company has a policy of reviewing the credit standing of each broker/dealer, clearing organization, fund manager, customer and/or other counterparty with which it conducts business.

#### Basis of Accounting

The Company maintains its books and records on an accrual basis in accordance with accounting principles generally accepted in the United States of America. Advisory Fee income is recognized as earned, taking into consideration the terms of contractual arrangements and the period in which services are rendered.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### Fair Value Measurements

In September 2006, Statement of Financial Accounting Standards ("SFAS") No. 157, "Fair Value Measurements", was issued and is effective for fiscal years beginning after November 15, 2007. SFAS No. 157 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair values measurements. Effective January 1, 2008, management has implemented SFAS 157 and has determined that it bears no material effect on the financial statements as presented.

NOTE B - INCOME TAXES

The Company is recognized as a Limited Liability Company (an "LLC") by the Internal Revenue Service. As an LLC, the Company is not subject to income taxes. The Company's income or loss is reportable by its members on their tax returns.

NOTE C - MAJOR CUSTOMER

Substantially all of the Company's advisory fee income comes from one customer.

NOTE D – CONCENTRATION OF CREDIT RISK

The Company maintains its cash balances in excess of federally insured limits of \$100,000 at one banking institution. These amounts potentially subject the Company to credit risk if the banking institution fails. At December 31, 2007, the Company's uninsured cash balances totaled \$3,088.

NOTE E – ADVERTISING COSTS

The Company expenses advertising costs as they are incurred. The company incurred \$1,451 in advertising expenses for the year ended December 31, 2007.

At December 31, 2007, the Company had net capital of \$100,088, which exceeded the minimum requirement of \$5,000 by \$95,088. The Company's ratio of aggregate indebtedness to net capital ratio was .03 to 1.

NOTE H - DEFINED BENEFIT PENSION

The Company sponsors a qualified, noncontributory defined-benefit retirement plan covering substantially all of its employees. The benefits are based on each employee's years of service up to a maximum of 10 years and the highest average compensation received during any 3 consecutive years. HAMPTON HEDGE FUND MARKETING, LLC  
NOTES TO FINANCIAL STATEMENTS (continued)  
FOR THE YEAR ENDED DECEMBER 31, 2007

NOTE H - DEFINED BENEFIT PENSION (Continued)

Assumptions

The company used a weighted average discount rate of 8.0% and an expected return on plan assets of 8.0% to determine benefit obligations and net periodic benefit cost at and for the year ended December 31, 2007.

The Company's expected rate of return on plan assets is determined by the plan assets' historical long-term investment performance, current asset allocation, and estimates of future long-term returns by asset class.

Plan Assets

The Company's pension plan weighted-average asset allocations at December 31, 2007 by asset category are as follows:

<u>Asset Category</u>	
Equity Securities	51%
Hedge Funds	<u>49</u>
Total	<u>100%</u>

The Company's investment strategy is to provide a modest return (5 – 10%) per year by investing in stocks, bonds, cash and hedge fund instruments. The Company attempts to mitigate investment risk by providing a diversified pool of assets with little correlation to major stock indices.

No plan assets are expected to be returned to the Company during 2008.

Cash Flows

The Company's contribution to the pension plan is discretionary for 2008 and currently has not determined an amount, if any, to be funded to the plan for 2008. Total benefit payments of \$194,463 are expected to be paid beginning in the year 2030.
